General Information

The information contained in this section applies only to benefits insured by Sun Life of Canada.

About this booklet

The information in this employee benefits booklet is important to you. It provides the information you need about the group benefits available through your employer's group contract with Sun Life Assurance Company of Canada (*Sun Life*), a member of the Sun Life Financial group of companies.

Your group benefits may be modified after the effective date of this booklet. You will receive written notification of changes to your group plan. The notification will supplement your group benefits booklet and should be kept in a safe place together with this booklet.

If you have any questions about the information in this employee benefits booklet, or you need additional information about your group benefits, please contact your employer.

Eligibility

To be eligible for group benefits, you must complete an application form and meet the following conditions:

- you must be a resident of Canada.
- you are an elected official.
- you have been sworn into office.

Your dependents become eligible for coverage on the date you become eligible or the date they first become your dependent, whichever is later. You must apply for coverage for yourself in order for your dependents to be eligible.

Who qualifies as your dependent

Your dependent must be your spouse or your child and a resident of Canada or the United States.

Your spouse by marriage or under any other formal union recognized by law, or your partner of the opposite sex or of the same sex who has been publicly represented as your spouse for at least the last 12 months, is an eligible dependent. You can only cover one spouse at a time.

Your children and your spouse's children (including foster children) are eligible dependents if they are not married or in any other formal union recognized by law, and are under age 21.

A child who is a full-time student attending an educational institution recognized under the Income Tax Act (Canada) is also considered an eligible dependent until the age of 25 as long as the child is entirely dependent on you for financial support.

If a child becomes handicapped before the limiting age, we will continue coverage as long as:

- the child is incapable of financial self-support because of a physical or mental disability, and
- the child depends on you for financial support, and is not married nor in any other formal union recognized by law.

In these cases, you must notify Sun Life within 31 days of the date the child attains the limiting age. Your employer can give you more information about this.

Enrolment

You have to enrol to receive coverage. To enrol, you must request coverage in writing by supplying the appropriate enrolment information to your employer. For a dependent to receive coverage, you must request dependent coverage.

If you or your dependents are covered for comparable Extended Health Care or Dental Care coverage under this or another group plan, you may refuse this coverage under this plan. If, at a later date, the other coverage ends, you can enrol for coverage under this plan.

There are other cases when you will be required to provide proof of good health. Your employer will let you know when this is necessary.

When coverage begins

Your coverage begins on the date you become eligible for coverage.

If you are not actively working on the date coverage would normally begin, your coverage will not begin until you return to active work.

If you are not an active council member on the date coverage would normally begin, your coverage will not begin until you return to active status.

Dependent coverage begins on the date your coverage begins or the date you first have an eligible dependent, whichever is later.

However, for a dependent, other than a newborn child, who is hospitalized, coverage will begin when the dependent is discharged from hospital and is actively pursuing normal activities.

Once you have dependent coverage, any subsequent dependents will be covered automatically.

If there are additional conditions for a particular benefit, these conditions will appear in the appropriate benefit section later in this booklet.

Changes affecting your coverage

From time to time, there may be circumstances that change your coverage.

For example, your status may change, or your employer may change the group contract. Any resulting change in the coverage will take effect on the date of the change in circumstances.

The following exceptions apply if the result of the change is an increase in coverage:

- if proof of good health is required, the change cannot take effect before Sun Life approves the proof of good health.
- if you are not active member when the change occurs or when Sun Life approves proof of good health, the change cannot take effect before you return to active work.
- if a dependent, other than a newborn child, is hospitalized on the

date when the change occurs, the change in the dependent's coverage cannot take effect before the dependent is discharged and is actively pursuing normal activities.

Updating your records

To ensure that coverage is kept up-to-date, it is important that you report any of the following changes to your employer:

- change of dependents.
- change of name.
- change of beneficiary.

Accessing your records

As required by legislation, for insured benefits, if you reside in Alberta or British Columbia, you may obtain copies of the following documents:

- your enrolment form or application for insurance.
- any written statements or other record, not otherwise part of the application, that you provided to Sun Life as evidence of insurability.

For insured benefits, on reasonable notice, you may also request a copy of the contract.

The first copy will be provided at no cost to you but a fee may be charged for subsequent copies.

All requests for copies of documents should be directed to one of the following sources:

- our Sun Life Financial Plan Member Services website at www.mysunlife.ca.
- our Sun Life Financial Customer Care centre by calling toll-free at 1-800-361-6212.

When coverage ends

As an elected member, your coverage will end on the earlier of the following dates:

- the end of your term of office as an elected official.
- the end of the period for which premiums have been paid to Sun Life for your coverage.
- the date the group contract ends.

A dependent's coverage terminates on the earlier of the following dates:

- the date your coverage ends.
- the date the dependent is no longer an eligible dependent.
- the end of the period for which premiums have been paid for dependent coverage.

The termination of coverage may vary from benefit to benefit. For information about the termination of a specific benefit, please refer to the appropriate section of this employee benefits booklet.

However, for the Extended Health Care benefit, if you die while covered by this plan, coverage for your dependents will continue, without premiums, until the earlier of the following dates:

- 12 months after the date of your death.
- the date the person would no longer be considered your dependent under this plan if you were still alive.
- the date the benefit provision under which the dependent is covered terminates.

Replacement coverage

The group contract will be interpreted and administered according to all applicable legislation and the guidelines of the Canadian Life and Health Insurance Association concerning the continuation of insurance following contract termination and the replacement of group insurance.

Sun Life will not be responsible for paying benefits if an insurer under a previous group contract is responsible for paying similar benefits.

If such legislation or guidelines require that Sun Life resume paying certain benefits because of a recurrence of an employee's total disability, Sun Life will resume payment at the same amount and for the remainder of the maximum benefit period.

Making claims

Sun Life is dedicated to processing your claims promptly and efficiently. You should contact your employer to get the proper form to make a claim.

There are time limits for making claims. These limits are discussed in the appropriate sections of this employee benefits booklet. If you fail to abide by these time limits, you may not be entitled to some or all benefit payments.

All claims must be made in writing on forms approved by Sun Life.

For the assessment of a claim, Sun Life may require medical records or reports, proof of payment, itemized bills, or other information Sun Life considers necessary. Proof of claim is at your expense.

Legal actions

Except where or when applicable legislation permits the use of a different limitation period, every action or proceeding against an insurer for the recovery of insurance money payable under this contract is absolutely barred unless commenced within the time set out in the Insurance Act or the time set out in such other legislation as may apply to a claim, action or proceeding for insurance money.

Where or when applicable legislation permits the use of a different limitation period, no legal action or proceeding may be brought against Sun Life:

- regarding any claims for which no payment has been made by Sun Life, more than one year after the end of the time period in which the initial submission of proof of claim is required by the terms of the contract, or
- regarding claims for which some payment has been made by Sun Life, more than one year after the last payment made by Sun Life with respect to the claim.

Proof of disability

From time to time, Sun Life can require that you provide us with proof of your total disability. If you do not provide this information within 90 days of the request, you will not be entitled to benefits.

Coordination of benefits

If you or your dependents are covered for Extended Health Care or Dental Care under this plan and another plan, our benefits will be coordinated with the other plan following insurance industry standards. These standards determine which plan you should claim from first.

The plan that does not contain a coordination of benefits clause is considered to be the first payer and therefore pays benefits before a plan which includes a coordination of benefits clause.

For dental accidents, health plans with dental accident coverage pay benefits before dental plans.

The maximum amount that you can receive from all plans for eligible expenses is 100% of actual expenses.

Where both plans contain a coordination of benefits clause, claims must be submitted in the order described below.

Claims for you and your spouse should be submitted in the following order:

- the plan where the person is covered as an employee. If the person is an employee under two plans, the following order applies:
 - the plan where the person is covered as an active full-time employee.
 - the plan where the person is covered as an active part-time employee.
 - the plan where the person is covered as a retiree.
- the plan where the person is covered as a dependent.

Claims for a child should be submitted in the following order:

- the plan where the child is covered as an employee.
- the plan where the child is covered under a student health or dental plan provided through an educational institution.
- the plan of the parent with the earlier birth date (month and day) in the calendar year. For example, if your birthday is May 1 and your spouse's birthday is June 5, you must claim under your plan first.
- the plan of the parent whose first name begins with the earlier letter in the alphabet, if the parents have the same birth date.

The above order applies in all situations except when parents are separated/divorced and there is no joint custody of the child, in which case the following order applies:

- the plan of the parent with custody of the child.
- the plan of the spouse of the parent with custody of the child.
- the plan of the parent not having custody of the child.
- the plan of the spouse of the parent not having custody of the child.

When you submit a claim, you have an obligation to disclose to Sun Life all other equivalent coverage that you or your dependents have.

Your employer can help you determine which plan you should claim from first.

Medical examination We can require you to have a medical examination if you make a claim for benefits. We will pay for the cost of the examination. If you fail or refuse to have this examination, we will not pay any benefit.

Recovering overpayments We have the right to recover all overpayments of benefits either by deducting from other benefits or by any other available legal means.

Definitions Here is a list of definitions of some terms that appear in this employee

benefits booklet. Other definitions appear in the benefit sections.

- Accident*** An accident is a bodily injury that occurs solely as a direct result of a violent, sudden and unexpected action from an outside source.
- Appropriate treatment*** Appropriate treatment is defined as any treatment that is performed and prescribed by a doctor or, when Sun Life believes it is necessary, by a medical specialist. It must be the usual and reasonable treatment for the condition and must be provided as frequently as is usually required by the condition. It must not be limited solely to examinations or testing.
- Basic earnings*** Basic earnings are the salary you receive from your employer excluding any bonus, overtime or incentive pay.
- Doctor*** A doctor is a physician or surgeon who is licensed to practice medicine where that practice is located.
- Illness*** An illness is a bodily injury, disease, mental infirmity or sickness. Any surgery needed to donate a body part to another person which causes total disability is an illness.
- Retirement date*** If you are totally disabled, your retirement date is your 65th birthday, unless you have actually retired before then.
- We, our and us*** We, our and us mean Sun Life Assurance Company of Canada.

**Hospital expenses in
your province**

We will cover 100% of the costs for hospital care in the province where you live.

We will cover out-patient services in a hospital, except for any services explicitly excluded under this benefit, and the difference between the cost of a ward and a semi-private hospital room.

We will also cover the cost of room and board in a convalescent hospital if this care has been ordered by a doctor as long as:

- it follows at least 5 consecutive days of in-patient hospitalization,
- it begins within 14 days of release from the hospital, and
- it is primarily for rehabilitation.

The maximum amount payable is \$20 per day up to a maximum of 180 days for treatment of an illness due to the same or related causes.

For purposes of this plan, a *convalescent hospital* is a facility licensed to provide convalescent care and treatment for sick or injured patients on an in-patient basis. Nursing and medical care must be available 24 hours a day. It does not include a nursing home, rest home, home for the aged or chronically ill, sanatorium or a facility for treating alcohol or drug abuse.

A *hospital* is a facility licensed to provide care and treatment for sick or injured patients, primarily while they are acutely ill. It must have facilities for diagnostic treatment and major surgery. Nursing care must be available 24 hours a day. It does not include a nursing home, rest home, home for the aged or chronically ill, sanatorium, convalescent hospital or a facility for treating alcohol or drug abuse or beds set aside for any of these purposes in a hospital.

Expenses out of your province

We will cover emergency services while you are outside the province where you live. We will also cover referred services.

For both emergency services and referred services, we will cover the cost of:

- a semi-private hospital room.
- other hospital services provided outside of Canada.
- out-patient services in a hospital.
- the services of a doctor.

Expenses for all other services or supplies eligible under this plan are also covered when they are incurred outside the province where you live, subject to the reimbursement level and all conditions applicable to those expenses.

Emergency services

We will pay 100% of the cost of covered emergency services.

We will only cover emergency services obtained within 60 days of the date you leave the province where you live. If hospitalization occurs within this period, in-patient services are covered until the date you are discharged.

Emergency services mean any reasonable medical services or supplies, including advice, treatment, medical procedures or surgery, required as a result of an emergency. When a person has a chronic condition, emergency services do not include treatment provided as part of an established management program that existed prior to the person leaving the province where the person lives.

Emergency means an acute illness or accidental injury that requires immediate, medically necessary treatment prescribed by a doctor.

At the time of an emergency, you or someone with you must contact Sun Life's Emergency Travel Assistance provider, Europ Assistance USA, Inc. (*Europ Assistance*). All invasive and investigative procedures (including any surgery, angiogram, MRI, PET scan, CAT scan), must be pre-authorized by Europ Assistance prior to being performed, except in extreme circumstances where surgery is performed on an emergency basis immediately following admission to a hospital.

If contact with Europ Assistance cannot be made before services are provided, contact with Europ Assistance must be made as soon as possible afterwards. If contact is not made and emergency services are provided in circumstances where contact could reasonably have been made, then Sun Life has the right to deny or limit payments for all expenses related to that emergency.

An emergency ends when you are medically stable to return to the province where you live.

***Emergency services
excluded from
coverage***

Any expenses related to the following emergency services are not covered:

- services that are not immediately required or which could reasonably be delayed until you return to the province where you live, unless your medical condition reasonably prevents you from returning to that province prior to receiving the medical services.
- services relating to an illness or injury which caused the emergency, after such emergency ends.
- continuing services, arising directly or indirectly out of the original emergency or any recurrence of it, after the date that Sun Life or Europ Assistance, based on available medical evidence, determines that you can be returned to the province where you live, and you refuse to return.

- services which are required for the same illness or injury for which you received emergency services, including any complications arising out of that illness or injury, if you had unreasonably refused or neglected to receive the recommended medical services.
- where the trip was taken to obtain medical services for an illness or injury, services related to that illness or injury, including any complications or any emergency arising directly or indirectly out of that illness or injury.

Referred services *Referred services* must be for the treatment of an illness and ordered in writing by a doctor located in the province where you live. We will pay 80% of the costs of referred services. Your provincial medicare plan must agree in writing to pay benefits for the referred services.

All referred services must be:

- obtained in Canada, if available, regardless of any waiting lists, and
- covered by the medicare plan in the province where you live.

However, if referred services are not available in Canada, they may be obtained outside of Canada.

Emergency services outside Canada Expenses incurred for emergency services outside Canada are subject to a lifetime maximum of \$1,000,000 per person or, if lower, any other applicable lifetime maximum.

Non-emergency transportation expenses

We will cover travel expenses for you or your dependent when the distance travelled is at least 200 kilometres, round-trip. The medical services must be prescribed by a doctor and not available in your area. Payment is based on the most economical means of transportation. Any expenses incurred for cosmetic purposes or for dental treatment are not covered. Confirmation that treatment was rendered is also required.

We will also cover the cost of escort expenses for a child who is under the age of 19 or mentally or physically handicapped or for a medical escort when deemed necessary by the Attending Physician.

The maximum amount payable is:

- \$0.50 per kilometre, for a private vehicle.
- \$25 a day for each person required to travel for meals.
- \$75 a day for accommodations.

Overall maximum We will not pay more than \$700 per round-trip for residents of Labrador and \$500 for all other residents.

Benefit year maximum We will not pay more than \$2,000 per person for all travel expenses.

NOTE Receipts are required for all expenses other than mileage claims.

Medical services and equipment We will cover 100% (50% for insulin pumps) of the costs for the medical services listed below when ordered by a doctor (the services of a licensed optometrist, ophthalmologist or dentist do not require a doctor's order).

- out-of-hospital private duty nurse services when medically necessary. Services must be for nursing care, and not for custodial care. The private duty nurse must be a nurse, or nursing assistant who is licensed, certified or registered in the province where you live and who does not normally live with you. The services of a registered nurse are eligible only when someone with lesser qualifications can not perform the duties. There is a limit of \$5,000 per person per benefit year.
- transportation in a licensed ambulance, if medically necessary, that takes you to and from the nearest hospital that is able to provide the necessary medical services. Expenses incurred outside Canada for emergency services will be paid based on the conditions specified above for emergency services under *Expenses out of your province*.

- laboratory tests performed by a commercial laboratory for the diagnosis of an illness. Tests performed in a doctor's office or pharmacy are not covered.
- dental services, including braces and splints, to repair damage to natural teeth caused by an accidental blow to the mouth that occurs while you are covered. These services must be received within 6 months of the accident. We will not cover more than the fee stated in the Dental Association Fee Guide for a general practitioner in the province where the employee lives. The guide must be the current guide at the time that treatment is received.
- services of an ophthalmologist or licensed optometrist, up to a maximum of 1 examination in any 12 month period for a person under age 19 or in any 24 month period for any other person.
- wigs following chemotherapy, up to a maximum of \$300 per person in a benefit year. Wigs do not require a doctor's order.
- equipment rented, or purchased at our request, that is for temporary therapeutic use. For expenses incurred for a wheelchair, coverage is limited to the use of a manual wheelchair, except if the person's medical condition warrants the use of an electric wheelchair.
- casts, splints, trusses, braces or crutches.
- external breast prostheses required as a result of surgery, up to a maximum of 1 prostheses per breast in a benefit year.
- surgical brassieres required as a result of surgery, up to a maximum of 2 brassieres per person in a benefit year.

We will cover the cost of contact lenses, eyeglasses or laser eye correction surgery. Contact lenses or eyeglasses must be prescribed by an ophthalmologist or licensed optometrist and obtained from an ophthalmologist, licensed optometrist or optician. We will cover 100% of these costs up to a maximum of \$150 in any 12 month period for a person under age 19 or in any 24 month period for any other person.

We will also cover 100% of the costs of contact lenses prescribed for the treatment of severe corneal astigmatism, severe corneal scarring, keracotonus or aphakia, if visual acuity in the better eye cannot be improved to at least 20/40 with eyeglasses, up to a lifetime maximum of \$250.

My Health CHOICE coverage may also include Dental coverage if you were covered for both Extended Health Care and Dental Care benefits under this group plan, and both benefits terminated.

You may cover your spouse and dependents if those family members were covered under your group plan. Your spouse must be under age 75 on the date you apply for this coverage.

From time to time, Sun Life may review the eligibility requirements and, on the date you apply for My Health CHOICE coverage, they may be different from those listed in this booklet.

To apply for My Health CHOICE or if you have any questions, please call our Customer Solutions Centre at 1-877-893-9893.

Payments after coverage ends

If you are totally disabled when your coverage ends, benefits will continue for expenses that result from the illness that caused the total disability if the expenses are incurred:

- during the uninterrupted period of total disability,
- within 90 days of the end of coverage, and
- while this provision is in force.

For the purpose of this provision, an employee is totally disabled if prevented by illness from performing any occupation the employee is or may become reasonably qualified for by education, training or experience, and a dependent is totally disabled if prevented by illness from performing the dependent's normal activities.

If the Extended Health Care benefit terminates, coverage for dental services to repair natural teeth damaged by an accidental blow will continue, if the accident occurred while you were covered, as if the benefit were still in effect.

What is not covered

We will not pay for the costs of:

- services or supplies payable or available (regardless of any

waiting list) under any government-sponsored plan or program, except as described below under *Integration with government programs*.

- services or supplies to the extent that their costs exceed the reasonable and usual rates in the locality where the services or supplies are provided.
- equipment that Sun Life considers ineligible (examples of this equipment are orthopaedic mattresses, exercise equipment, air-conditioning or air-purifying equipment, whirlpools, humidifiers, and equipment used to treat seasonal affective disorders).
- any services or supplies that are not usually provided to treat an illness, including experimental treatments.
- services or supplies for which no charge would have been made in the absence of this coverage.

We will not pay benefits when the claim is for an illness resulting from:

- the hostile action of any armed forces, insurrection or participation in a riot or civil commotion.
- any work for which you were compensated that was not done for the employer who is providing this plan.
- participation in a criminal offence.

Integration with government programs

This plan will integrate with benefits payable or available under the government-sponsored plan or program (the *government program*).

The covered expense under this plan is that portion of the expense that is not payable or available under the government program, regardless of:

- whether you have made an application to the government program,

**When and how to
make a claim**

- whether coverage under this plan affects your eligibility or entitlement to any benefits under the government program, or
- any waiting lists.

To make a claim, complete the claim form that is available from your employer.

In order for you to receive benefits, we must receive the claim no later than 90 days after the earlier of:

- the end of the benefit year during which you incur the expenses,
or
- the end of your Extended Health Care coverage.

Emergency Travel Assistance

Insurer

This benefit is insured by Sun Life of Canada.

General description of the coverage

In this section, *you* means the employee and all dependents covered for Emergency Travel Assistance benefits.

If you are faced with a medical emergency when travelling outside of the province where you live, Europ Assistance USA, Inc. (*Europ Assistance*) can help.

Emergency means an acute illness or accidental injury that requires immediate, medically necessary treatment prescribed by a doctor.

This benefit, called **Medi-Passport**, supplements the emergency portion of your Extended Health Care coverage. It only covers emergency services that you obtain within 60 days of leaving the province where you live. If hospitalization occurs within this time period, in-patient services are covered until you are discharged.

The Medi-Passport coverage is subject to any maximum applicable to the emergency portion of the Extended Health Care benefit. The emergency services excluded from coverage, and all other conditions, limitations and exclusions applicable to your Extended Health Care coverage also apply to Medi-Passport.

We recommend that you bring your Travel card with you when you travel. It contains telephone numbers and the information needed to confirm your coverage and receive assistance.

Getting help

At the time of an emergency, you or someone with you must contact Europ Assistance. If contact with Europ Assistance cannot be made before services are provided, contact with Europ Assistance must be made as soon as possible afterwards. If contact is not made and emergency services are provided in circumstances where contact could reasonably have been made, then Sun Life has

the right to deny or limit payments for all expenses related to that emergency.

Access to a fully staffed coordination centre is available 24 hours a day. Please consult the telephone numbers on the Travel card.

Europ Assistance may arrange for:

On the spot medical assistance

Europ Assistance will provide referrals to physicians, pharmacists and medical facilities.

As soon as Europ Assistance is notified that you have a medical emergency, its staff, or a physician designated by Europ Assistance, will, when necessary, attempt to establish communications with the attending medical personnel to obtain an understanding of the situation and to monitor your condition. If necessary, Europ Assistance will also guarantee or advance payment of the expenses incurred to the provider of the medical service.

Europ Assistance will provide translation services in any major language that may be needed to communicate with local medical personnel.

Europ Assistance will transmit an urgent message from you to your home, business or other location. Europ Assistance will keep messages to be picked up in its offices for up to 15 days.

Transportation home or to a different medical facility

Europ Assistance may determine, in consultation with an attending physician, that it is necessary for you to be transported under medical supervision to a different hospital or treatment facility or to be sent home.

In these cases, Europ Assistance will arrange, guarantee, and if necessary, advance the payment for your transportation.

Sun Life or Europ Assistance, based on available medical evidence, will make the final decision whether you should be moved, when, how and to where you should be moved and what medical equipment, supplies and personnel are needed.

Meals and accommodations expenses

If your return trip is delayed or interrupted due to a medical emergency or the death of a person you are travelling with who is also covered by this benefit, Europ Assistance will arrange for your meals and accommodations at a commercial establishment. We will pay a maximum of \$150 a day for each person for up to 7 days.

Europ Assistance will arrange for meals and accommodations at a commercial establishment, if you have been hospitalized due to a medical emergency while away from the province where you live and have been released, but, in the opinion of Europ Assistance, are not yet able to travel. We will pay a maximum of \$150 a day for up to 5 days.

Travel expenses home if stranded

Europ Assistance will arrange and, if necessary, advance funds for transportation to the province where you live:

- for you, if due to a medical emergency, you have lost the use of a ticket home because you or a dependent had to be hospitalized as an in-patient, transported to a medical facility or repatriated; or
- for a child who is under the age of 16, or mentally or physically handicapped, and left unattended while travelling with you when you are hospitalized outside the province where you live, due to a medical emergency.

If necessary, in the case of such a child, Europ Assistance will also make arrangements and advance funds for a qualified attendant to accompany them home. The attendant is subject to the approval of you or a member of your family.

We will pay a maximum of the cost of the transportation minus any redeemable portion of the original ticket.

Travel expenses of family members

Europ Assistance will arrange and, if necessary, advance funds for one round-trip economy class ticket for a member of your immediate family to travel from their home to the place where you are hospitalized if you are hospitalized for more than 7 consecutive days, and:

- you are travelling alone, or
- you are travelling only with a child who is under the age of 16 or

mentally or physically handicapped.

We will pay a maximum of \$150 a day for the family member's meals and accommodations at a commercial establishment up to a maximum of 7 days.

Repatriation

If you die while out of the province where you live, Europ Assistance will arrange for all necessary government authorizations and for the return of your remains, in a container approved for transportation, to the province where you live. We will pay a maximum of \$5,000 per return.

Vehicle return

Europ Assistance will arrange and, if necessary, advance funds up to \$500 for the return of a private vehicle to the province where you live or a rental vehicle to the nearest appropriate rental agency if death or a medical emergency prevents you from returning the vehicle.

Lost luggage or documents

If your luggage or travel documents become lost or stolen while you are travelling outside of the province where you live, Europ Assistance will attempt to assist you by contacting the appropriate authorities and by providing directions for the replacement of the luggage or documents.

Coordination of coverage

You do not have to send claims for doctors' or hospital fees to your provincial medicare plan first. This way you receive your refund faster. Sun Life and Europ Assistance coordinate the whole process with most provincial plans and all insurers, and send you a cheque for the eligible expenses. Europ Assistance will ask you to sign a form authorizing them to act on your behalf.

If you are covered under this group plan and certain other plans, we will coordinate payments with the other plans in accordance with guidelines adopted by the Canadian Life and Health Insurance Association.

The plan from which you make the first claim will be responsible for managing and assessing the claim. It has the right to recover from the other plans the expenses that exceed its share.

- Limits on advances** Advances will not be made for requests of less than \$200. Requests in excess of \$200 will be made in full up to a maximum of \$10,000.
- The maximum amount advanced will not exceed \$10,000 per person per trip unless this limit will compromise your medical care.
- Reimbursement of expenses** If, after obtaining confirmation from Europ Assistance that you are covered and a medical emergency exists, you pay for services or supplies that were eligible for advances, Sun Life will reimburse you.
- To receive reimbursement, you must provide Sun Life with proof of the expenses within 30 days of returning to the province where you live. Your employer can provide you with the appropriate claim form.
- Your responsibility for advances** You will have to reimburse Sun Life for any of the following amounts advanced by Europ Assistance:
- any amounts which are or will be reimbursed to you by your provincial medicare plan.
 - that portion of any amount which exceeds the maximum amount of your coverage under this plan.
 - amounts paid for services or supplies not covered by this plan.
 - amounts which are your responsibility, such as deductibles and the percentage of expenses payable by you.
- Sun Life will bill you for any outstanding amounts. Payment will be due when the bill is received. You can choose to repay Sun Life over a 6 month period, with interest at an interest rate established by Sun Life from time to time. Interest rates may change over the 6 month period.
- Limits on Emergency Travel Assistance coverage** There are countries where Europ Assistance is not currently available for various reasons. For the latest information, please call Europ Assistance before your departure.
- Europ Assistance reserves the right to suspend, curtail or limit its services in any area, without prior notice, because of:
- a rebellion, riot, military up-rising, war, labour disturbance,

strike, nuclear accident or an act of God.

- the refusal of authorities in the country to permit Europ Assistance to fully provide service to the best of its ability during any such occurrence.

**Liability of Sun Life
or Europ Assistance**

Neither Sun Life nor Europ Assistance will be liable for the negligence or other wrongful acts or omissions of any physician or other health care professional providing direct services covered under this group plan.

Dental Care

Insurer	<i>This benefit is insured by Sun Life of Canada.</i>
General description of the coverage	<p>In this section, <i>you</i> means the employee and all dependents covered for Dental Care benefits.</p> <p>Dental Care coverage pays for eligible expenses that you incur for dental procedures provided by a licensed dentist, denturist, dental hygienist and anaesthetist while you are covered by this group plan.</p> <p>For each dental procedure, we will only cover reasonable expenses. We will not cover more than the fee stated in the Dental Association Fee Guide for general practitioners in the province where the employee lives, regardless of where the treatment is received. Payments will be based on the current guide at the time the treatment is received.</p> <p>If services are provided by a board qualified specialist in endodontics, prosthodontics, oral surgery, periodontics, paedodontics or orthodontics whose dental practice is limited to that speciality, then the fee guide approved by the provincial Dental Association for that specialist will be used.</p> <p>When a fee guide is not published for a given year, the term <i>fee guide</i> may also mean an adjusted fee guide established by Sun Life.</p> <p>When deciding what we will pay for a procedure, we will first find out if other or alternate procedures could have been done. These alternate procedures must be part of usual and accepted dental work and must obtain as adequate a result as the procedure that the dentist performed. We will not pay more than the reasonable cost of the least expensive alternate procedure.</p> <p>If you receive any temporary dental service, it will be included as part of the final dental procedure used to correct the problem and not as a separate procedure. The fee for the permanent service will be used to determine the usual and reasonable charge for the final dental service.</p>

An expense must be claimed for the benefit year in which the expense is incurred. You incur an expense on the date your dentist performs a single appointment procedure. For procedures which take more than one appointment, you incur an expense once the entire procedure is completed.

Benefit year	The benefit year is indicated in the Benefit Details section.
Benefit year maximum	The maximum amount we will pay per person per benefit year is indicated under each option in the Benefit Details section.
Predetermination	We suggest that you send us an estimate, before the work is done, for any major treatment or any procedure that will cost more than \$500. You should send us a completed dental claim form that shows the treatment that the dentist is planning and the cost. Both you and the dentist will have to complete parts of the claim form. We will tell you how much of the planned treatment is covered. This way you will know how much of the cost you will be responsible for before the work is done.
Preventive dental procedures	Your dental benefits include the following procedures used to help prevent dental problems. They are procedures that a dentist performs regularly to help maintain good dental health. The reimbursement level is indicated under each option in the Benefit Details section.

<i>Repair</i>	Repair of bridges or dentures.
<i>Prosthodontics</i>	<p>Construction and insertion of bridges or standard dentures. Coverage is limited to teeth extracted while you are covered under this plan. Charges for a replacement bridge or replacement standard denture are not considered an eligible expense during the 5 year period following the construction or insertion of a previous bridge or standard denture unless:</p> <ul style="list-style-type: none">■ it is needed to replace a bridge or standard denture which has caused temporomandibular joint disturbances and which cannot be economically modified to correct the condition.■ it is needed to replace a transitional denture which was inserted shortly following extraction of teeth and which cannot be economically modified to the final shape required.
Payments after coverage ends	If the Dental Care benefit terminates, you will still be covered for procedures to repair natural teeth damaged by an accidental blow if the accident occurred while you were covered, and the procedure is performed within 6 months after the date of the accident.
What is not covered	We will not pay for services or supplies payable in whole or in part under any government-sponsored plan or program, except for user fees, extra billing, and other expenses in excess of those payable under the government-sponsored plan or program, if the legislation allows their payment under private plans.

or
- the end of your Dental Care coverage.

We can require that you give us the dentist's statement of the treatment received, pre-treatment x-rays and any additional information that we consider necessary.

Alternatively, you may wish to designate the estate as beneficiary and provide a trustee with directions in your will. You are encouraged to consult a legal advisor.</p>

Coverage during total disability

If you become totally disabled before you retire or reach age 65, whichever is earlier, Life coverage may continue without the payment of premiums as long as you are totally disabled. This continued coverage is subject to the terms of the contract which were in effect on the date you became totally disabled, including reductions and terminations.

Sun Life must receive proof of your total disability within 12 months of the date the disability begins. After that, we can require ongoing proof that you are still totally disabled.

If proof of total disability is approved after an individual insurance policy becomes effective as a result of converting the group Life coverage, the group Life coverage will be reduced by the amount of the individual insurance policy, unless the individual insurance policy is exchanged for a refund of premiums.

Total disability must continue for at least an uninterrupted period of 6 months.

This coverage will continue without payment of premiums, from the date total disability begins, until the date you cease to be totally disabled or the date you fail to give Sun Life proof of your continued total disability, whichever is earlier.

Dependent Life coverage will also continue without payment of premiums, as long as your Life coverage is continued without payment of premiums, but not after the Dependent Life benefit is terminated.

For the purposes of your Life coverage, you will be considered totally disabled if you are prevented by illness from performing any occupation you are or may become reasonably qualified for by education, training or experience.

Converting Life coverage

If your Life coverage ends or reduces for any reason other than your request, you may apply to convert the group Life coverage to an individual Life policy with Sun Life without providing proof of good health.

If your spouse's Life coverage ends for any reason other than your

request, your spouse may apply to convert the group Life coverage to an individual Life policy with Sun Life without providing proof of good health.

Where necessary in order to comply with applicable legislation: If your child's Life coverage ends due to the termination of your Life coverage, you may apply to convert the group Life coverage for your child to an individual Life policy with Sun Life without providing proof of good health.

The request must be made within 31 days of the reduction or end of the Life coverage.

There are a number of rules and conditions in the group contract that apply to converting this coverage, including the maximum amount that can be converted. Please contact your employer for details.
